Dedicated to removing the caste system pyramid from the dollar bill that was put on the dollar bill I 1934 just 5 years after the great depression . The great depression was caused by a mercantile exchange crashing that was waaayyyy too small to cause the great depression. The redcoats and the afro indie caste system must be removed from the usa after killing off our freedom fighting Indian and Africa citizens to replace them for the afro indie caste system , the monarchies aristocracies caste system and imperial scumbags who not only look to imprison us freedom people but also commit these Same attrocities on their own people in the Indies, Africa the orient and Asia minor.

Permafrost , what vital roles does oil play inside our gigantic gravity machine called earth? It is a vibration dampener , it reduces the earthquakes felt on the surface of the earth. It serves as a thermal lubricant, it aids in the high heat high pressure internal movements of the gravity machine. It serves as heat insulation helping to prevent higher heat in many parts of earth's internal structure and again is reflected in earth's surface environment. Could it be that the permafrost [frozen shale not solid] for millions of years has served as not only a heat insulator but also structural support for these vast caverns that occupy 1 tenth of the earth's mantletop and crust. Could it be that now where there is air in place of solid state pressurized oil that heat and moisture are now eating away at the roof of the caverns and dropping chunks of dirt the size of Rhode island through the air filled, moisture rich cavern and into the oil fields below? Do we need to open massive aspiration holes with 2000 foot high intakes to freeze the roof in areas? If taking too much oil out of the earth will potentially cause an ice age, then who controls all the equatorial countries? How long have these people occupied these equatorial countries? How did they gain possession of these places? Where are they from origin ? Are they trying to cause an ice age minor? I telephoned the geolical society in fairbanks about 4 years ago. I asked if the temperature of the oil has risen in the past decades since the Alaska pipeline was built. I wanted to see if it was gradually getting g warmer over time to see if the permafrost was being heated from underneath due to lack of insulation material[crude oil]. The person unamed did not have an answer to my question. I hope I'm wrong.

Commenting of high speed train system through the United States with hubs in Las Vegas and West virginia.

I will be forming a political party soon to combat caste system and other foreign opresive genocidal societies committing crimes on us through our own governments in the USA, Europe, North Africa (africans are black not indies) Arabia, Eurasia and the orient.

The political party has firm scientific principles mixed with some luck or god or whatever you come up with.

The political party believes in evolution of species, and that man is from many primates due to their long life cycle, their ability to teach their young, their ability to pass down information and. keep records, their ability to manipulate smalll objects , in this case thumbs are the manipulation tool. that being said any of these primates on this planet can evolve through the neanderthal phase and enter into human society. Our human group. is many primates evolved and various points in time.

Here is what has been done to us by caste system and monarchies throughout the world since the United States and Switzerland lost world war 2 to the global indies nation and now using our system , using our own military and political party to destroy fredom for the caste system.

Trashing out our society with drugs and advancing casste system indians into free

peoples lands because heroin and cocaine grow well there.

Trashing our political parties with overexreme bipolar stances and parties.

Trashing our economy by constantly doubling or "rounding up " the cost causing 1000% inflation on freedom people since 1985.
Huge rent increases since 1980 can be seen in old newspapers from nyc.

Property tax is in place illegally so you never own a home.

All drug countries are controlled by Indians since ww2.

All oil countries are controlled by Indians since ww2.

All our steel industry was sold off to Indian nations since ww2 and it started withhh the war assets administration and the war surplus administration selling everything off too indias intelligence community and a Mr. Jain.

170 airports were sold to Indian nations after ww2 inside and outside the usa by the war assets administration.

Falsifying their last names to appear as European descendents ie Judge cannon is an Irish name but a hindi neander from India and the ural mountains posses it . Who's family were holocaust guards and is also associated with the Cali cartel where this foreigner was born.

Foreign royalty and caste system operating illegally in North American corporations.

Indies descendents pretending they don't know each other and are indigenous to different parts of the world and were some alien species.

Lies from the nsa and other government agencies covering up the fact we are from various primates and have various evolutionary points in time .

Believing that Indians are the oldest species of humanoid on earth and that somehow the most advanced society (european) are the newcomers.

Americans (decenendets of the indies, orient and mongolia) did not have a wheel before the white devil (us I guess) showed up.

Claiming refugees status because you kids don't have a Playstation and pretending all our hard work for thousands of years in technology is owed to you who left the indies to run free and not pay taxes. ... losers.

Forming state treasuries with independent currencies.

Stopping property tax.

Choice of income tax or sales tax. Not both.

Live video feed of voting in every county . All footage kept in multiple copies in multiple media types.

Raising of all coastal sewage systems. (work influx)

Stopping the foreigners in government from using a spread out technique of society and construction placement and forcing everyone to pay oil and oil tax.

Introducing ELECTROLIPS line of power generators levitating on stationary

magnets which turn all day long from external power or magnetic placement and dissolving main steam oil industry and franking methane corn solar fields etc. Every home has a electrolips generator.)

Mexicans are descendents of Sri Lanka and the indies.

American Indians are from Mongolian hordesmen and Japanese areas.

Many of the Nordic tribes are from Polynesian area.

All Indians are from the Indies.

Palestinians are from the Indies.

Saudies, Turks, Persians and a lot of Mediterranean inhabitants are from India and Eurasia.

Jewish are from the Indies and Eurasia in progress.

Are these people who are supposedly indigenous to every part of the earth be told that and lied to intentionally so that every one of them will die to protect land that is not their homeland while being manipulated daily by the global caste system?

These people are not from here. Most of them are from the mainland. The people here in America that are from American primates get abused by these other people from the indies claiming the America's as their starting point as humanoids. Most of this country is infected by Indian scams since the United States and Switzerland lost world war 2 to the redcoats and other caste system peoples.

Expose Donald Trump through inter personal relationship for being a fraud and a proud member of the caaste system elitist syndrome and expose his illegal businesses through the Colombo family and his cooperation in covering up a genocide investigation obstruction and cover-up of a jihadist attack through his personal relations with members of the eastern European Russian connection and the Parisienne new york narcotics detectives selling drugs with the aid of French Canada and the afro indie caste system operating out of Paris France.

Seeing foreigners do not hold state or federal offices including judiciary.

Voting on bills instead of an obsolete representative system that was usefully in the days of the pony express when it would take 3 days by mule to get to the nearest voting booth to vote on bills and legislature. Obsolete system.

Bipolar political system must stop. Indian scam it is.

Foreigners who are caste system are operating illegally in our government Since just after world War 2 . Kent uiversity is a good example of redcoats attacking American citizens by means of the federal government.

Judge Eileen cannon is a good example of a modern decendent of holocaust SS prison guards and hind caste system genetics born in Cali Columbia and has ties to the Cali cartel. These attacks on our society have been going on for too long by members of the caste system elite and their set slaves posing as American politicians. These are more Indian attacks which welcome more violence on our women and children and ourselves. These people here (not many) who were here should be tickled pink they can drive a Lamborghini. Instead were bad somehow and now have to pay for every Indeas failed country around the world.

Money to caste system Vatican must stop.

Slavery by Vatican must stop

Illegal trade deals by Vatican must stop.

Donations to Vatican or bank account held by them must be shut down and held with the individual commuities.

Vatican is controlled by people from primates other than euro primates. It it very corrupt by other primates from other spiritual trees committing crimes on humanity through our system.

Freedom from funding billions and billions of indies births globally. all pretending their not from the Indies.

How did a small mercantile exchange in new york city cause the entire united states to fall into such a serious depression that we came out of it with the french and British redcoats and their Indian caste system masters owning it? how did a small merc like that cause the entire country to go broke? where did all the gold and precious metals we were digging up every day go to? and then the caste system pyramid was put on the 1 dollar bill in 1934 to show the Indian caste system that destroyed Athens and Rome was in control again.

Spanish believe it or not is a white persons language..... .shows what happens after they came into spain.

By reversing g the southern california water system we will bring water inland and have the ability to relocate endangered species of life to inland rainforests and abandoned quarries will be used for protection of endangered marine life.

Deforestation of the Rainforest: Locations and Impact. Here's more good news from the indies and their kids I central America South America and mexico.

Key Areas of Deforestation
Deforestation primarily occurs in tropical rainforests across several regions:

1. **Amazon Basin**: Spanning Brazil, Peru, Colombia, and other South American countries, the Amazon faces significant deforestation due to logging, agriculture, and mining.
2. **Congo Basin**: Located in Central Africa, countries like the Democratic Republic of the Congo and Cameroon experience deforestation driven by logging, agriculture, and infrastructure development.
3. **Southeast Asia**: Indonesia, Malaysia, and other countries in this region suffer from deforestation caused by palm oil plantations, logging, and farming.

Communities and Activities
The people living in these areas include indigenous communities, local farmers, and workers involved in logging and mining industries. While some engage in sustainable practices, others, often driven by economic necessity, contribute to deforestation through activities like:

- **Agriculture**: Slash-and-burn farming, cattle ranching, and large-scale plantations (e.g., soy, palm oil).
- **Logging**: Both legal and illegal logging operations targeting valuable hardwoods.
- **Mining**: Extractive industries searching for minerals and metals.

Environmental Impact
Deforestation leads to loss of biodiversity, disruption of ecosystems, and contributes to climate change by reducing the number of trees that can absorb carbon dioxide.

Conclusion
Addressing deforestation requires a balanced approach that considers the economic needs of local communities while promoting sustainable practices and conservation efforts.

A Vision for Southern California's Water System: Reversing the Flow

Introduction
In response to the ongoing water scarcity issues in Southern California and surrounding regions, a revolutionary idea proposes to reverse the traditional water system, channeling saltwater inland from the Pacific Ocean through the Mojave Desert, past Phoenix, and Austin, Texas, before reaching the Gulf of Mexico. This innovative approach aims to harness the desert's solar energy to evaporate and transport water, providing a sustainable solution for water purification and ecosystem restoration.

The Concept: Reverse Water Flow
The core of this idea involves constructing a network of transparent pipes to transport saltwater from the ocean inland. These pipes will utilize the intense

desert sun to evaporate the water, allowing it to rise as vapor over the low points of the southern mountain ranges. The evaporation and condensation processes within these pipes will separate the salt from the water, resulting in purified water suitable for various uses.

Transparent Evaporation Tubes
The transparent tubes play a crucial role in this system. As saltwater travels through the desert, the sun's heat causes it to evaporate. The tubes are designed with circumferential rings or lips that collect condensed water, preventing it from dripping back down. This incremental evaporation process ensures that water continues to rise until it reaches the peaks of the mountain ranges. Solar magnification techniques can be applied to accelerate the evaporation process.

Closed Evaporation and Recondensation Beds
At various destinations, closed evaporation beds will be installed to facilitate the separation of salt from water. These beds will utilize natural evaporation and recondensation to purify water, which can then be distributed for different purposes, including agricultural, sewage, and potable water needs. This method not only purifies water but also allows for efficient management of water resources.

Covering Canals with Flat Roof Bridges
To ensure that the water transportation system does not disrupt indigenous wildlife, the canals will be covered with flat roofing. This design creates a continuous bridge above the canals, allowing animals to migrate freely. This innovative approach balances infrastructure development with ecological preservation, promoting biodiversity.

Creating Inland Marine Habitats
One of the unique aspects of this project is the creation of inland marine habitats. Abandoned quarries can be repurposed and covered to house diverse marine ecosystems, including corals, polyps, fish, and octopuses. These new habitats will serve as sanctuaries for marine life, promoting biodiversity and offering new opportunities for research and tourism.

Establishing Desert Oases and Rainforest Recreation
The project envisions transforming parts of the Mojave Desert and surrounding canyons into lush oases. By using glass coverings, these areas can recreate the conditions of the destroyed rainforests in South America, fostering the growth of diverse plant and animal species. These artificial oases will not only restore ecosystems but also create unique recreational and educational opportunities.

Solar Energy Utilization
The entire system leverages solar energy for its operation. The desert sun provides a consistent and powerful energy source for the evaporation process. Solar magnification techniques can enhance evaporation rates, making the water transportation and purification processes more efficient and sustainable.

Benefits of the System
1. **Sustainable Water Supply**: By reversing the water flow and utilizing solar energy, the system provides a sustainable and reliable source of purified water for various needs.

2. **Ecological Preservation**: The covered canals and creation of inland marine habitats promote biodiversity and ecological balance.
3. **Restoration of Ecosystems**: Transforming deserts and canyons into oases and recreating rainforests help restore and protect endangered ecosystems.
4. **Economic Opportunities**: The project can create jobs in construction, maintenance, and tourism, boosting local economies.

Challenges and Considerations
While the vision is ambitious, several challenges need to be addressed:
- **Engineering Feasibility**: Constructing and maintaining the extensive network of transparent lifting pipes with rings of water collection areas where evaporation will begin again lifting the water further. and closed evaporation beds will require significant engineering expertise and resources.
- **Environmental Impact**: Careful planning is needed to ensure that the project does not unintentionally harm existing ecosystems.
- **Economic Viability**: Funding and long-term financial sustainability must be considered to ensure the project's success.

Conclusion
The proposed reversal of Southern California's water system represents a groundbreaking approach to addressing water scarcity and environmental degradation. By harnessing the power of the desert sun and innovative engineering, this vision aims to provide a sustainable solution for water purification and ecosystem restoration. The integration of solar energy, ecological preservation, and economic development highlights the potential for innovative thinking to create a better future for both people and the planet.

Meditation:

Should we require latin as everyone's second language globally. In business and in Jr level public schools through college.?

IDEAS FOR MEDITATION _ADD AS U LIKE,

Ideas from pals. THIS MEDITATION is a solution suggested by an associate to help eleviate an issue I was having with loss of use of brain functions in society in total.

An issue I was having is how dumbed down our society has become since the days of Rome. How we do as little as possible and human nature take shortcuts. Even our most studious person who is sure they read every page of a book and even read the publishing information fonts takes shortcuts somehow in their daily life.

[[>>Reasons unimportant for discusdion<<]]

The issue I'm having is with our languages. We dumbed down Latin into 10 seperate languages . And God forbid you mispronounced a language that is a mumbled version of Latin like French <ostracized in paris>

Who committed so much mutilation to the pronunciation alone is insane that anyone says it's mispronounced.

Back on target gold leader==

In shortening our main language of Latin are we haphazardously reducing our mental capacities, Latin seems to be a language of vast information transference when understood at a mastery level containing many shoots and ladders and wormholes like adavsnced mathematics almost [I would imagine] . Now is it possible to get our public schools to force our kids to teach Latin and in doing so stimulate parts of the mind that may be lying dormant with toxic food chemicals and gas fumes embedded in them instead of firing properly.

Can we also install ancient Chinese and other large languages in the american schools? These people are given choices in life to make them cattle.

Great too would be for the PTA to start basic simplified general law studies for kids im public schools starting in second grade, this would obviously be the difficulty level and explanatory level for someone who's also just learning the golden rule. Very basic continuous slowly advancing 3 hours a week through all types of general law and constitutional laws and situations inspiring the laws and amendments through high school senior year. Very aggressive movements for free societies to retain heritage and freedom thinking starting in the I'm cool , your not, segregation high school indian caste system bullshit levels and reminding our people what twatholes these people really are .

Russian/mygar china/mogol eurolatin Arabic are good programs in high-school. Latin best for all.

Do u want your kids to be cattle ? Or know it all immature indians, or spastic lost souls who don't know their monkeys?

" JUDGE EIlEEN CANNON MISCoNDUCT and 8 other indies caste system federal judges beginning complaints -notes /typos wip

"

Judge Cannon in question.

I believe Judge Cannon has committed Crime against myself plaintiff John Pate an American citizen born in New York City. By protecting members of the occult and the caste system operating in and out of United States government and participated in criminal conspiracy on an American citizen with members of the deep state aka caste systemm lowlife drug dealers and slave traders and in cooperation with the colombo crime family and other organized crime groups posing as american mafia and in actuality being pikeys and henchmen for caste system heirarchy. The accounts of crimes range in severity, are counted in the hundreds and have been ongoing for the past 12 years with dozens of complaints to various branches of the united states governments law enforcement departments including the FBI. This is ongoing crime from primarily female Afro/indies and Eurasian descendants operating at a federal level in the USA and European governments and stealing trillions per year from American and European profits due to their theft of hundreds of patents stolen from plaintiff and sent to freedoms enemy “the caste system” globally.

By helping to cover up a Jihadist attack where plaintiff was the victim while in search of a lawyer to undertake multiple cases involving members of the united states federal government and the Colombo faggot crime family of sex predator faggots. The Jihadist attack the federal government is covering up now is a separate incident by these same lowlife occult members as mentioned in previous cases regarding Donald j Trump and his neanderthal genetic connections to judge cannon. I know Donald j Trump personally as a member of Mar a Lago and have been victimized by him repeatedly with these Colombo family witness protection program members who sell drugs in Miami and new york city. The most recent violent attack happened in Paris France on February 22 2022. Judge Cannon Also covered up the Department of State's actions Through the Brussels Belgium consulate's office as well as the department of justices involvement in tamepring with an ongoing genocide investigation. Where members of the Department of State, A fef consulates included, decided to refuse plaintiff John Pate a new travel document to return to the U.S.A. after a Jihadist attack in Paris France against white European Mr Pate. Other court cases against members of the mafia and federal, local, and state governments are Cases. Number Blank, blank blank Paid versus paint And against members of the Tequesta Police Department For colluding with the Colombo, Prime family, During a false arrest in Tequesta, Florida,

(Has square rock face from being neanderthal >> like demi Moore > man jaw and square boxy ass and hips.) hindi neander.

All of these crimes. Now, fall under Rico causes and the Rico act. This is organized crime by members of the Indian caste system, The Masonic Society, and members of the Scientology occult, as well as a large member of these Indies neanderthal women who all answer to

Foreign Royalty and operate illegally in United States Government and North American Corporation. All of which include members that know plaintiff and have committed crimes of the occult on plaintiff John Pate as well. Judge Cannon exhibits the same genetics and family location that coincides with the SS and Concentration camp guards that fled to south America, The Falkland islands and Antarctica. Where they have been living comfortably off of the gold and other precious material the Germans and Swiss held there for European and global families to live of off. It seems they instantly began the drug trade with the 170 airports that were sold off directly after WW2 by the War Surplus Administration to Indies Nationalists and the caste system globally.

Plaintiff John Pate also believes due to his Interactions with members of Mar-A-Lago In Palm Beach, Florida, and his connections with them and being members of the Colombo crime family Themselves. Could add additional reasons that judge Cannon dismissed the case against the federal government for covering up a jihadist attack and holding plaintiff, John Pate hostage In Europe, Homeless on the streets for months. Without issuing him a travel pass into the USA after a Jihad attack they were well aware of. While his previous cases against other government agencies And government law enforcement Became abandoned from time, with intent and malice to cover up decades of occult crimes being committed on plaintiff Mr Pate.

Judge Cannon is not an American born citizen. She is a citizen By Birth of Colombia And more specifically Cali Colombia. Where the Cali cartel is centralized.

Judge Cannon Obviously has Indies/India Roots as well and is mixed with the same group of Eurasian women I have been investigating in regard to organized genocide globally on various people and innocent citizens in multiple societies for the benefit of a primitive oppressive society known as the Caste System which may have its benefits in jungle life somehow but is completely ridiculous to have in a more advanced society as ours where these people mix with all levels of primate evolution. Judge Cannon is seemingly part of this caste system that is entrenched in our federal government, social systems, immigration department and many other facets of American and foreign governments where their illegal actions for the caste system has caused millions of deaths of Americans and other freedom fighters and innocents globally. This caste system has been attacking European society alne since the fall f Athens and is now attacking our government and people by moving into our country and committing crimes to us, constantly through our own government and law enforcement, and corporate positioning.

The judge in question by looks seems to have the same Genetic Resemblance of many of the women who were concentration camp guards during the end of WW2 in Europe. These are the same types of people who escaped to south America and who have possessed much of

the German’s and Swiss gold which was held there in the mountains treasuries. Which also may have gotten many of the Germans set up, by these same people as Judge Cannon.

I would ask that this judge be investigated thoroughly and her family thoroughly For connections to the Cali cartel and other Afro/Indies-based and Eurasian based caste systems. These genocide groups I have been investigating over the past 10 years match up perfectly to this judge who dismissed the case illegally after over 20 instances of UN-investigated crimes by members of the Colombo crime family with proof in Mr. Pates initial complaint, while these low-lives are infecting every administrative part of the Vatican to send our money around the over birthing caste system that always is starving from influx of births over and over again and never ever managing their own lands and always destroying societies to keep shipping gold and other valuables back to the Indies that never stop putting people in slavery and making sure every uneducated descendant of the Indies thinks we are on their homeland everywhere on Earth. We are a from Various primates and varied evolutionary points and we all have the notorious “opposable thumb” in common.

I do not expect this federal government to do anything however, considering their owned by foreigners and all these smart little monkeys sending our monies to their homelands In Europe, Eurasia, Indies, Africa and anywhere else this primitive system exists. Mr. Pate reported crimes by these caste system members for over a decade to the FBI and other state and local law enforcement agencies. And every time it is covered up By Federal agents and other government employees.

To the FBI. To the Van. Nice police To the Hollywood, California, please? To the New York Police Department To the New York organized crime, division of the FBI To the consulate in Barcelona. Spain To the consulate in Paris. France To the consulate In Brussels Belgium Where I've been forced To flee, the country From constant harassment and crimes committed on me, By members of the Colombo crime, family And the United States government Working in conjunction.

Mr. Pate has also been denied justice by the following judges and the federal clerk Clerk which coincidentally is another Indies women committing crime on white people for the caste system of berry picking villager retards and insisting their from Europe and scampering about in the Miami Federal Courthouse which is a bunch of foreigners intermixed with patchwork brain, scattershot brain hard-wiring and caste system embedded in their genetics for millennia.

After a 68 page Request for legal aid highlighting, just some of the hundreds of crimes committed on Mr. Pate and cover-ups by the United States government. It is absolutely ridiculous that Judge Eileen “S.S. caste system” Cannon dismiss the case as “Dunn-In ordered”, like

a true high treasonist to the United States America. She's a drug dealing. Colombian cartel member from the Jungles, whose origins are from the Indies, Like every other Indian on Earth.

It has become common occurrence for our government to sit there and either do nothing or partake in these illegal activities over and over again against an American citizen and committing treason, high treason, defrauding of the American government and the European governments as well as our freedom friends Globally throughout pockets of the world. It's defrauding The People of all these governments due to how many inventions products business models, manufacturing practices and ther Business tools these faggot bitches stole from all of us here. As we speak these lowlife caste system Industrialist dog braind cast including Elon Musk, Donald J Trump , Paris Hilton, and a ton of other caste system faggots are now not only moving their entire Space program inside the earths orbit due to tons of writings of Mr. pates about the variaations of energy harvestig capability from solar and rescue is easier if theirs a emergency in one of these colonies these caste system members set up that are actually American technologies stolen from Mr pate and uncountable inventors they robbed today throuh the Aerican patent office and what wass sstoe frm the swiss and European patent offices directly after and during WW2. Other inventions these low-lives like Jeff Besos and his animal wife are stealing are emergency hatches with foam that locks into place immediately and is also beneficial in naval applications, designs for a multiuse mining equipment has been stolen from mm us by these lowlives in our system and answering to temples in th eIndies and whereever these creeps crawl out of. John Pate Has had stolen from him And or suppressed For the past 25 years Of ongoing harassment. Stalking Financial crimes And other crimes By members of these cast Systems, Columbo crime, family included, Which is a Supposed European crime family. However, all the members Are some type of Indian Either Saudi. When we're rocking Or Moroccan Or Turkish, Or Israeli, Or your Asian Jew, Which is obviously In the genetics of Judge Cannon.

In the request for legal aid. It mentions. Donald Trump's name Numerous times. As plaintiff, John Pate Was a member of my logo Of Mar-A-Lago For over 20 years And whose family Has ties to Donald In relations with Donald For over 40 years In New York City And New Jersey.

That fact Along with dozens of other facts In the request for legal aid, that was submitted With The court action.

Makes it unbelievable That judge Cannon Came into work on a Saturday, To dismiss the case And then mail it Back to California Where the entire government that's been tracking me. Knows I do not live And also knows I am homeless With decades of financial crimes committed on me And have no way To fly back and forth For these

responses.

After dozens of provable crimes Committed on John Pate That the U.S government refuses refuses, Refuses to investigate over and over again Plaintiff. John paid Has been working With patent offices In various countries. Due to the fact That plaintiff John Pate 10, not afford Fees Or for a lawyer In the United States of America. After so many Decades of crimes being committed on him, By members of the caste system. Also the Colombo crime, family Of Jews And other Indians.

Plenty of John Pig Plaintiff. John Pate Has also reported crimes By his family Constantly, trying to force him To commit crime with them In South Florida, And other members of the witness protection program, Which the government is constantly protecting While doing crimes to John Pate Plaintiff.

Besides the illegal gambling, the illegal loan, operations, And violence. The Pete family Was cohoorsing Plaintiff John Pate Into committing for them.

These low lives Are also Involved in drug dealing. With the FBI Or Some other government run agency.

A 68 page requests for legal aid, Highlighting, just some Of the crimes committed on plaintiff. John paint Also Plaintiff. John Pate was in Paris. France To find a lawyer For his cases against the Tequesta Police. Colombo crime. Family Paint verse paint Lawsuit. Due to the fact That plaintiff John Paige Contacted Over 200 attorneys Left. Multiple messages for each one And not one lawyer. Returns his calls Or emails Plaintiff John. Paige Also has proof of other attorneys Sending plaintiff replies For patents in Europe, Which plaintiff never receives. The amount of electronic tampering This government. And these members of the witness protection program and the federal agents who protect them Commit on, John Pate Is highly illegal. Plaintiff, John paint Is also requesting. That any investigations Money time Or the like That? Have been put into Plaintiff, John Peyton, And his life.

In his life, be divulged To the chords And the public.

Plaintiff. John Pate Wants to know How much other money And man ours Have been wasted Of American taxpayer dollars To protect members of the caste system. Operating illegally in our government And our country Under the guys, Under the guys G-U-I-S-E. Under the guys Of surveillance Or investigations or whatever other lie. These people come up with.

Due to the ongoing Crimes being committed on John Pate Trillions of dollars per year. I lost To Americans And freedom people around the world To paychecks Profits And taxable income With foreign tax and trade tax Into the trillions per year Due to sabotage Of his research And development. Electric gels. Paiso, electric Fluids, Electric circuitry, Paiso Electric fluid circuitry.

Aeronautics Stability. Shapes Weapons designs. Superheated Noble, gas, the original systems. Super heated noble. Gas. Divergible Divergible The original Systems. Medical devices. Safety devices.

Other other equipment Construction, methods, Manufacturing methods Construction systems.

And the like Plenty of John Pate Plaintiff. John Pate Is from New York City.

Plaintiff John Pape Is not from the jungles, Is not from the deserts Plaintiff. John Pate Has been targeted. Bicare system members By cast system members, Working illegally In the United States government Since they noticed him,

With his grandfather And his grandfather's friends, George Bush, senior, And Ronald Reagan.

Also. The U.S government has been intentionally Sabotaging plaintiff, John Pates investigations Into genocide By the cash system and Indian nationalists Ranging from Jihadist Arabs With Indy's roots. To American Indians with Mongolian hordsman and India's roots.

To other Supposed European caste systems, Including the Masonic Society, And the Scientologist Who all seem now, to be answering to one form of Indian, or another Committing constant genocide On Freedom And your opiners And European people Since World War One.

Plaintiff, John Pates, research Continues on backwards Through the fall of Rome, The fall of Etrusca, The fall of Troy And the fall of Athens. All Links All with direct links To opposing parties From the Indies. India And Mongolia And Persia All Indies, cast System Nations and people.

Plaintiff. John paint Is also investigating. How a Mercantile exchange In New York City In the 1920s Crashing, Cause an entire country To go into a depression?

Plaintiff. John Pate is also investigating Wear that money went Plaintiff, John Paige Is also investigating

Where the money came from To drop the bottom out of this Medium-Sized Mercantile exchange, Which caused the Great Depression somehow, And which shortly after Put the Masonic Society Who are British royalty And a British royal Mafia Into our treasury Department, Finances.

These investigations Have also been stopped and hindered Thy members of the United States government Working in conjunction With the Colombo crime. Family Of Jews And other Indian cash system organizations. Operating illegally In North America And Europe Through corporate Government And Community Organizations. .

The fact that judge Cannon Dismiss the case is frivolous After seeing all these all these crimes being committed on plaintiff. John Page Is

completely ridiculous. This person should not be United States government. This person should not be a judge. This person should not be allowed in the United States other than, to serve time and our prisons. This is a complete joke. Having these women, These racist, bigot, women, Racist against us, racist against Americans, who fight for freedom. For hundreds of years, Constantly setting us up and doing crimes to us while stealing every bit of money, from my treasuries, A state banks Of State. Trusts, And every other Vault that we had gold and not the valuables, It's a complete. Complete Ridiculous situation And you Americans sit there and do nothing Or join these moron foreign care system. Royalty From all over the world Committing crimes on Americans and other freedom Fighters.

Along with these other crimes Plaintiff, John Pate also submitted a formal complaint On October 24th 2022. To the Department of State and the Department of Justice Noting. How Decades of racist crimes being committed on him By bigot racist women In the United States government Has actually made him a racist himself At the time, Plaintiff. John Pate Was asking for a small sum Of 250 million dollars. Comparatively speaking For what's been stolen from him and taken from his community. The government, the Department of State and the FBI, All refuse to even acknowledge, These formal complaints And request for monetary Compensation.

The actions Of these caste system members And racist bigot women In the United States. Government Is treasonist To say the least And all of these crimes are organized, crimes, And awful under RICO act.

10:50 AM

In continuation. Continuation Of judge cannons. Judicial misconduct.

Investigation Is also Family history, Due to the constant. Interruptions in genocide. I have undies People. Into the constant interruptions into genocide investigations, led by Indies, people and Indians along with jihadists And other in these nationalists.

This judge appears to be a Hindi And the Eurasian Who are from the Indies And the euro Mountains, Whom are the same people Who occupied the SS, The Steph The Scout staff. The guards of the concentration camps During World War II.

This person claims to be Colombian Yet, has no Colombian genetics to her whatever.

In appearance. I would also ask for DNA test Of this woman Of this judge Cannon As well as documentation Of when her family arrived in Colombia and I would like to have the original records of relocation from India, Eurasia and Colombia .

It seems this judges family may have been relocated after World War II or during the end of World War II to avoid criminal war charges for genocide Upon Judaeo and European people during the Holocaust.

I request that this court takes this judicial misconduct seriously, due to all the foreigners, Forcing their way into our country, Then into our government, into our social system, Into our political parties, Only to send money out to their home countries Which by proof of time history and verifiable documentation has been going on Since the fall of Rome through our mixed Roys.

It is also quite apparent due to plaintiff John Pate's relationships with members of Mar-A-Lago and other elitist groups in Beverly Hills, New York City, and Florida that were mentioned repeatedly in the court action is the reason this fellow caste system member Judge Eileen Cannon dismissed the case 2 days after filing without any regard for anything that was discussed inn the court action and in the 68 page request for legal aid that was ignored by this neanderthal is a judges robe. But mostly in the 68 page request for legal aid that is the reason the case was dismissed illegally, without actuals cause, and inclusive of gross negligence, criminal conspiracy or possibly complete retardation.

.....

Judge Cannon in question. dismissed case 9:24-cv-80327 AMC against the Department of State for coverup of a Jihadist attack and holding plaintiff John Pate xxx-xx-0817 hostage in Europe homeless on the streets of Belgium for months while 2 court cases against the Colombo Crime Family Pate vs. Pate and the Tequesta police for colusion with Members of the Colombo crime family john pate vs. pate developement et al became abandoned from time while the Department of state not only covered up the attackk but also has been stopping investigations into genocide by Indian nationalists dating back to World War 2 and involving members of the British Redcoat military (who used to burn our citizens alive in churches in America) along with the French Afro/Indie caste system operating in French and British government for over 2 centuries and whom are mixed into their "royalty" families. Judge Cannon of Eurasian and Hindi decent Is also suspected of being from holocaust families who fled to South and Central America in the 1940's to escape war crime trials for slaughtering Americans, Europeans, and Jewish peoples. She believed to have committed Crime against an American citizen By protecting members of the occult and the caste system Operating in and out of United States government. By helping to cover up a Jihadist attack against Plaintiff John Pate In Paris France On February 22nd 2022. Judge Cannon Also covered up the Department of State's actions Through the Brussels Belgium

consulate's office. Where members of the Department of State the consulate included, Decided to refuse Plaintiff John paint A new passport and/or a travel document To return to the U.S. while Other court cases against members of the mafia Case number 3:21-cv-07718-AGT Pate vs Pate Developement (a shelll company) and a court action versus members of the Tequesta Police Department For colluding with the Columbo Crime Family, During a false arrest In Tequesta, Florida, where Plaintiff waas arrested by the police for refusing to commit crimes for the Colombo Family and the foreign Occult whom they work for and whom plaintiff John Pate knows personally.. All of these crimes. Now, fall under Rico causes And the Rico act. This is organized crime by members Of the Indian caste system and cartels as well as The Masonic Society whoo answer to british royalty (Redcoats), And members of the Scientology ,along with memberss of the Lions who answer to the Young Nationalists and Deutch royalty that Donald J Trump is believed to be a part of. Plaintiff. John Pate. I also believes due to his Interactions with members of Mar-A-Lago In Palm Beach, Florida, And his families connections with them as well as being members of the Colombo crime, family Themselves seem to be additional reasons That judge Cannon dismissed the court action, as well as a 68 page request for legal aid which mentioned Donald Trump and other members of the American Caste system plaintiff knows personally from his time living and doing business in Hollywood California, Beverly Hills, Paolo Alto/Berkeley , New York City and the greater Miami area. The Federal Judge in question Is not an American born citizen. She is a citizen By Birth of Colombia And more specifically Cali Colombia, where is centralized one of the largest criminal organizations in the world, The Cali cartel. Judge Cannon Obviously has Indies/India roots and is seemingly part of this caste system. That is attacking our government and people by moving into our country And committing crimes to us, constantly through our governments and law enforcement Positions. The judge in question By looks Seems to have the same Generic Resemblance Of many of the women who were guards in concentration camps and through many years of investigating has shown that subversive groups like these people initiated many of the killings of Jews and European people after France and Britian offered Hitler a surrender deal after over 200 years of attacking Deutchland and Switzerland for their money over and over, and obviously as history books show the French and British royalty along with the AfroIndie caste system that's intermixed into their "royalty" bloodlines never followed through on. My grandfather. Anthony Martinico stormed the beaches of Normandy, First, wave And survived. And was also friends with President Bush, Senior and President Ronald Reagan.

It has become a trend for foreigners to invade our countries and invade our governments positions in the USA and Europe and commit gross crimes on Free People for these ridiculous inbred caste system families

globally. (Don't forget before WW2 our plumbers were making more money than most royalty around the world).

I do not expect This government to do anything considering their own By foreigners such as the Masonic Society Who answered directly to British royalty.

In the 68 page request for legal aid, It mentions. Donald Trump's name Numerous times. As plaintiff, John Pate Was a member of Mar-A-Lago for over 20 years And whose family Has ties to Donald and relations with Donald For over 40 years In New York City And New Jersey (all Mafia members).

~~My grandfather. Anthony Martinico Storm. The beaches of Normandy, First, wave And survived. And was also friends with President Bush, Senior And President Ronald Reagan.~~

The abusive treatment of these caste system and royalty linked government workers is absolutely ridiculous at this point. Its bad enough we have a second world economy now from all the various indies people entering our country illegally since WW2 but now these Indies scumbags and neanderthals are throughout our entire government and patent offices and stealing everything from us. Cant these Mexicans and Central and South Americans return to the Indies Instead of coming up to our new world because their new world is a complete disaster due to them being formed mostly by tax evading bandits, slave traders, drug cultivators, pirates and other escapees of the law.

I began my interest in politics and human rights due t0 the events that took place through my , here is a list of crimes and coverups by the DOJ aand DOS and many more foreignn runn oculte federal and state programs.

Here is a rough draft of a timeline of reports to law enforcement in multiple nations while being terrorized by members of the caste system. Theirs more than

whats written, more incidents more police reports more sabotage by the caste system Eurasian Neanderjews , undercover Hindis, and french Parisian AfroIndie Castesystem. All now occupying space presently in plases like Miami, Los Angeles, New York City, Milano, Switzerland,Paris France,Amsterdam,Barcelona, LjubLjana SL, Lyon FR,Berkeley, Graz Austria, Wolfsberg Austria and every suburb in europe , every grotto every county. to name a few places ive traced our money being stolen by these caste system indians and other aristocracies monarchies and rulerships globally.
We only have 12 treasuries in the usa. 200 billion dollars = 2 weeks keeping country moving , no bylaws for any of our political parties to abide by.
